**Our** volunteers are planning a July 3<sup>rd</sup> *Beach Party Holiday Celebration*. Festivities begin at 3:00 pm with games, prizes, sandcastle contest, under-water contest, egg toss, greased watermelon & much more! Free admission for village residents.

**Brice** with Access Engineering and the Wayne Lakes Sewer committee report to you the status of the project. County Electric should complete all but a few of the electrical disconnect installations by the end of next week. The electrical contractor will then move out of our village until tanks start to be installed at homes in the village. Ohio EPA should have the permit to install next week for the force main to New Madison. The pipe should be delivered by the first week of July. Degen plan to start construction the week of July 15<sup>th</sup>. After the completion of the force main, Degen will move back to the village and start installing tanks at our homes. We remain on budget.

**Goose** Task Force 2024..... The village plans to hire Barnes Wildlife Control to help reduce the number of geese in our village. A goose capture permit has been obtained from the Division of Wildlife through the Ohio Department of Natural Resources. The village will continue to addle eggs and request that residents refrain from feeding the geese. These efforts will help to control the population.
