Village of Wayne Lakes Maintenance Committee Meeting Minutes

June 29, 2026, 6:00 p.m.

Meeting called to order by the Maintenance Committee Council Member at 5:52 pm. The meeting started early due to heat.

Committee members present: Mrs. Berger, Mr. Campbell, and Mr. Stienke

Also present: Mayor Linda.

No public present for comments or questions.

The committee discussed continuing to look for the trees on the island that are causing concern as they had not been found.

The committee confirmed that the beach propane tank had been purchased.

The clubhouse lights had been put on pause due to needing new quotes for the project.

An overall budget goal was discussed; the goal being to build up the contingency fund.

It was confirmed that a project spread sheet specific to summer help had been created and will be updated weekly. What the summer help had accomplished thus far was discussed, as well as how many hours they're working. It was confirmed that they had been starting earlier due to the heat, and that they are following heat safety protocols.

Confirmed the garage bathroom passed state inspection.

Speedbump placement is on hold until trail cameras are in place.

Trail cameras will be ordered on June 30th.

The budget meeting was set for July 6th at 4 pm.

Summer project goals were discussed with a tentative timeline.

Meeting adjourned at 6:25
